Digital Signage with CL Pro 2

powered by

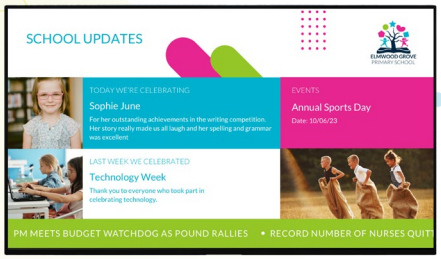

CLEVER® LIVE

One of the only screens with built-in signage, no extra hardware and no subscriptions!

Choose from hundreds of templates or create your own.

Clock | RSS Feeds | Video | Rolling Text | Images

One Touch Action Triggers
Change content on your display devices instantly with a selection of preset presentations that push with the click of a virtual button from your mobile or tablet.

Alerts and Announcements
You can conveniently send short burst announcements and alerts to single or multiple screens located across numerous sites.

Interactive audience engagement
QR codes improve the user experience by enabling interactive engagement and the user to select what they view from a range of preset options.

Meetings with CL Pro 2

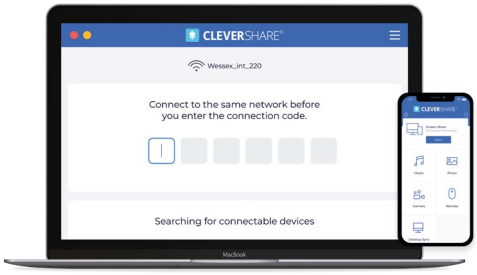

with the help of

CLEVERSHARE®

The CL Pro 2 makes every meeting smoother and more collaborative. Present instantly from your phone, tablet, or laptop with multiple options including for those high-secure environments, and let multiple people share their screens simultaneously for group discussion. When the meeting ends, the display switches effortlessly back to digital signage, keeping your workspace updated with announcements, branding, or live information throughout the day.

Want to present from your own device?

Use CleverShare!

Download the **Clevershare App** to connect any internet-connected phone, tablet or laptop to your CL Pro 2. The app is free to download and is compatible with MacOS, Android, Windows, iOS and Chrome Devices.

Use CleverHub 2

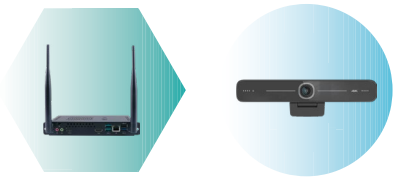

Connect your USB peripherals (Camera, Mic) and it will pass through for BYOD/ BYOM connection via your laptop for your chosen UC experience.

When your CL Pro 2 display no longer detects a HDMI source, you can configure your display to automatically switch to CleverLive for in-room digital signage.

Upgrade your solution

Add an OPS (only available on sizes 65”– 98”) or CleverCam to create a video conferencing environment.

Can be set-up to use with repeater screens.
