

## Tablica interaktywna TT-BOARD 90

### Product features

Avtek TT-BOARD 90 interactive whiteboard offers the best value when it comes to IWBs: IR touch technology, 6 touch points and dry erase surface enclosed in a solid, aluminum frame. TT-BOARD 90 is also fitted with two sets of hotbars on each side containing most used functions and one user-definable key.

In TT-BOARD 90 package there is also a brand new Avtek software, Avtek Interactive Suite, offering lots of advanced functions.

- Whiteboard can be used as regular touch screen thanks to IR touch technology which allows use with any kind of pointer
- 6 touch points allows multiple students to work at the same time without worrying about touch detection
- Durable** surface gives important benefits:
  - dry eraseability makes it possible to use this interactive whiteboard as a regular dry erase whiteboard
  - allows using magnets on the surface
  - displays high quality image from a projector
  - great for classrooms because of it's dry erase function and very high damage resistance
- Hot bars on each side of the whiteboard allows for quick and efficient access to most used functions, which makes use of the board more intuitive
- Plug&Play standard means that it doesn't need driver to work with Windows Vista 7, 8.1 or 10 (32 i 64 bit) systems
- Software in english language version

**Most up to date version of software and driver available here [Avtek Interactive Suite](#)**

### Technical data

Technology:	IR
Board diagonal:	93"
