ENTERPRISE LEVEL SECURITY

NAOS IP is Newline's premium solution for the corporate workspace. Based on the combination of optical bonding technology and capacitive touch technology this product line features a superior touch experience, crystal clear images and a true maximum viewing angle. This product line comes in a wide variety of sizes and can be easily combined with the Newline 4K wide angle camera with microphone. This versatile premium solution is optimized for Windows and suits any workspace, from huddle room to large meeting room.

NAOS IP can ensure enterprise level security. This solution has no functional Android which makes it safer. You can still benefit from the Newline interactive ecosystem. Simply complete your NAOS IP with a Newline OPS including the Windows bundle of interactive ecosystem tools for a full Newline experience!

Newline NAOS IP is compatible with optional Newline OPS with Newline interactive ecosystem tools for Windows:
